

Sheya Mission "Nine Signs & Heavy DUB volume 1"

Label: Goldheart Music

Releasedate: 2014-11-28 on all digital platforms

Producer/mixer: Jonahgold

Pressrelease

The album "Nine Signs & Heavy Bliss" by Sheya Mission touched some hearts when it was released 2009. Her outstanding soothing voice, often compared to Sade, and the open creative approach to deep reggae made it's marks.

The dub version is taking it all a bit further. Jonahgold went far away into dub-country and came back with a bag of ambient spaced-out dubs with a high chill-out factor and a slightly psychedelic touch.

- "I wanted to keep some of Sheya's vocals in the dubs, it's the most beautiful instrument in the world! Apart from that I had no plan, just twist it all up as much as possible..."
